## PROJECTS / OPEN-SOURCE

### DATING WEBSITE | [LINK](#)

HTML5 & CSS3 , JavaScript , GSAP

Developed an innovative dating application designed to connect individuals based on shared interests and preferences. The application leverages modern web technologies to provide a seamless and engaging user experience.

### CHATING APP

HTML5 & CSS3 , JavaScript , Node.js , Express , WebSocket

Developed a real-time chat application that facilitates instant messaging between users, utilizing WebSocket for efficient and responsive communication. The application ensures a seamless chatting experience with various user-centric features.

### NEWSAPP

React, JavaScript, HTML, CSS, RESTful API

Developed a dynamic and user-friendly news application that fetches and displays the latest news articles from various sources using a third-party API. The application categorizes news based on different topics and provides users with real-time updates.
